

## List of Black-Spots on National Highways in the State of West Bengal

In road safety management, an accident blackspot is a place where road traffic accidents have historically been concentrated. It may have occurred for a variety of reasons, such as a sharp drop or corner in a straight road, so oncoming traffic is concealed, a hidden junction on a fast road, poor or concealed warning signs at a cross-roads.

SI No.	NH	District	PS	Black Spot name and location
